SPECIAL GUEST SPEAKER

Ed Viesturs is widely regarded as this country's foremost high-altitude mountaineer. He is familiar to many from the 1996 IMAX documentary *EVEREST*. During the 18 year span to climb the world's highest peaks, he went on 29 Himalayan expeditions and reached the summit on 20 of these occasions. He is one of only a handful of climbers in history (and the only American) to ascend Annapurna one of the world's most treacherous peaks.
